

June 27, 2021

We are happy to announce that YCUCC will be updating our COVID-19 policy to reflect the state of Illinois' move to Phase 5. The changes take effect immediately and as such will apply to worship service on June 27th. The changes are as follows:

- Masks are optional in accordance with CDC guidelines.
Children's programs and nursery attendants will still require masks, no changes there.
- Two sections in the sanctuary will still have every other row roped off to maintain seating options.
- Materials, such as friendship pads and hymnals, will be gradually returned to the pews over the coming weeks.

Thank you and we hope to see you at church!
Aaron
